

American Planning Association  
**Kentucky Chapter**

*Making Great Communities Happen*

The Kentucky Chapter of the American Planning Association is the only organization in the state that actively promotes better planned communities. The chapter's mission is to promote planning statewide in order to enhance the quality of life in Kentucky. Approximately 450 local planners, planning board members, public officials, lawyers, consultants, and many other professionals have joined together in this important endeavor.

By joining the chapter, you will be given the opportunity to share your experiences with your colleagues and become involved in solving planning issues that are important to your community and others throughout Kentucky.

The chapter's excellent newsletter will keep you informed of timely topics on local and national issues. Chapter-sponsored conferences held each spring and fall offer opportunities for networking, educational enhancement, and exchange of information.

We hope that you will join us in shaping the future of Kentucky's communities and look forward to your participation in our chapter!
